

Preamble to Board Committees

Reasons and Intent of Board Committees

To study issues and make recommendations to the full Board

To help get the Board's job done, not to help with the staff's job (to aid the process of governance, not management)

To prepare Board-level policy issues for Board deliberation. The Board needs to know the choices and the consequences of these choices. Only then can the Board ponder, debate, and vote intelligently.

To know the charges of the various committees, so as to be able to support those charges rather than duplicate or interfere with them.

To have members that are receptive and open to ideas, have perspective and vision, are familiar with the SIC Strategic Plan, can give the necessary time, and can think in terms of Star Island Citizenship.

The Board will:

- Have no more committees than needed
- Be clear about the charge the Board is requiring from each committee as the committees work to support the implementation of the SIC Strategic Plan Objectives
- Ask each committee not to speak for the Board
- Require each committee not to interfere with delegation from the Board to the CEO
- Ask each committee not to exercise authority over staff
- Conduct a review process every two years to determine whether committee structure matches Strategic Plan priorities
- Ask what did each committee do over the past two years that was strategically vital
- Ask what each committee can do over the next two years to meet the same standard.
